

## *the fund for* **D'YOUVILLE**

The Fund for D'Youville annual giving campaign bridges the gap between tuition revenue and total operating costs. The stronger The Fund, the more D'Youville can invest in building the model "University of the Future."

Gifts to The Fund demonstrate the donor's belief in the value of a D'Youville education.

### **These gifts are unrestricted and have the broadest impact on areas such as:**

- Increasing financial aid packages for students
- Upgrading facilities and technology
- Addressing evolving needs for academic and social support
- Building healthy, thriving communities internally and externally
- Creating new degrees and updating pedagogy

For more than 50 years, donors have supported innovative strategies to evolve education through the Fund for D'Youville (formerly known as the Loyalty Fund). Read on to find out what YOUR gift accomplishes.
